

Rockwell Part

Rockwell Parts - AxleTech International is a leading provider in the globe of specialty vehicle drive-train systems and components together with off highway vehicles. The company prides itself on being its customers' preferred supplier. AxleTech strives to meet and exceed their clients' expectations for technology, delivery, quality and service. They believe in working in an environment which supports the highest integrity with empowered collaboration, combined with a unyielding pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively utilizing principals of ecological safety and stewardship in how they do business. The company has put various programs in place to be able to articulate these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with whichever comments or questions, since they are glad to share and promote this policy with a greater understanding of their efforts. They are extremely committed to improving and preserving the surroundings. AxleTech has an EHS program that not just protects the environment but which also actively protects their employees and neighbors too.

AxleTech specializes in the manufacture and designing of planetary axles used for both commercial and military applications, that could comprise anything from airport ground support to construction equipment. They take great pride in being a ground-breaking drive-train solutions provider too. AxleTech specifically designs axles to meet specific application demands. They have over one thousand different axle specs in their present offering. With over 100+ years of history and knowledge, AxleTech proudly supplies the most complete solution for whichever of your axle needs. The company is well known in several commercial and military applications. They offer complete axle assemblies used for aftermarket replacement requirements, along with servicing axle needs for OE production. Their high mobility ISAS have extra details that could be found in the "ISAS" product collection.
